SAFETY INSTRUCTIONS

Intended Use

The following safety guidelines are intended to prevent unforeseen risks or damage from unsafe or incorrect operation of the appliance. Please check the packaging and appliance on arrival to make sure everything is intact to ensure safe operation. If you find any damage, please contact the retailer or dealer. Please note modifications or alterations to the appliance are not allowed for your safety concern. Unintended use may cause hazards and loss of warranty claims.

Explanation of Symbols

Danger

This symbol indicates that there are dangers to the life and health of persons due to extremely flammable gas.

Warning of electrical voltage

This symbol indicates that there is a danger to life and health of persons due to voltage.

Warning

The signal word indicates a hazard with a medium level of risk which, if not avoided, may result in death or serious injury.

Caution

The signal word indicates a hazard with a low degree of risk which, if not avoided, may result in minor or moderate injury.

Attention

The signal word indicates important information (e.g. damage to property), but not danger.

Observe instructions

This symbol indicates that a service technician should only operate and maintain this appliance in accordance with the operating instructions.

Read these operating instructions carefully and attentively before using/commissioning the unit and keep them in the immediate vicinity of the installation site or unit for later use!

SAVE THESE INSTRUCTIONS

CAUTION

- Read Rules for Safe Operation and Instructions Carefully.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
- Keep electrical appliances out of reach from children or infirm persons. Do not let them use the appliances without supervision.
- Never insert fingers, pencils, or any other object through the grille when fan is running.
- Disconnect fan when moving from one location to another.
- Be sure fan is on a stable surface when operating to avoid overturning.
- DO NOT use fan in window, rain may create electrical hazard.
- Indoor use only.

⚠ WARNING

- If the supply cord is damaged, it must be replaced by manufacturer or its service agent or a similarly qualified person in order to avoid a hazard.
- To protect against the risk of electrical shock, do not immerse the unit, cord or plug in water or other liquid.
- When the appliance is not in use and before cleaning, unplug the appliance from the outlet.
- Indoor and household use only.
- When the fan was assembled, the rotor blade guard shall not be taken off anymore.
 - Prior cleaning unplug the fan.
 - The rotor guard shall not be disassembled/opened to clean the rotor blades.
 - Wipe the fan enclosure and rotor blade guard with a slightly damp cloth.

SPECIFICATIONS

Product Model	MFG180M0APB
Voltage	220-240V~
Frequency	50Hz
Power	30W

PRODUCT OVERVIEW

Component Name

NOTE

All the pictures in this manual are for explanation purpose only. Any discrepancy between the real object and the illustration in the drawing shall be subject to the real subject. Remove parts from the component before performing installation.

PRODUCT INSTALLATION

Installation Procedures

1 Base and Stand Connection

- 1.1 Align the interface between the stand and the base, and then rotate clockwise to tighten it.

2 Stand and Motor Connection

- 2.1 Insert the connector under the motor house into the stand interface, and then rotate clockwise to tighten it.

3 Rear Grille and Motor Connection

- 3.1 First, remove the blade lock nut and rear grille lock nut from the motor assembly.

- Step 1 Loosen the blade lock nut by rotating clockwise. (Hold the motor's shaft to prevent everything from turning together)

- Step 2 Unscrew the rear grille lock nut by rotating counter-clockwise.

- 3.2 Place the rear grille against the motor housing and align the motor housing's pin and rear grille's hole.
- 3.3 Lock the rear grille by rotating the rear grille lock nut clockwise.

4 Blade Attachment

- 4.1 Place the blade through the motor's shaft while aligning the shaft's pegs with the blade's slots.

4.2 While holding the blade, screw the blade lock nut on by rotating it counterclockwise.

5 Front Grille Attachment

Align the front grille's arrow with the rear grille's  and snap the front grille in place with both hands. Then rotate the front grille's arrow to the rear grille's , and fasten the screw.

Note: Two screws come in the package but only one is needed.

6 Oscillation control

To make the fan oscillate, push down on the oscillation knob located on the top of the motor housing. To stop the fan from oscillating, pull up the oscillating knob.

OPERATION INSTRUCTIONS

Instructions for Operation of Body

	Function description
0	<ul style="list-style-type: none">• Press this button to stop the product.
1	<ul style="list-style-type: none">• Press this button to low speed.
2	<ul style="list-style-type: none">• Press this button to medium speed.
