- Ducting hole dimension 180mm
- Product dimension (mm): 895(W) x 416(D) x 505(H)

UNIQUE FEATURES

Sustain Excellent Suction Performance with Self-cleaning Steam Wash

Self-Cleaning Steam Wash

A perfect solution for hood interior cleaning, maintaining the appliance always with a decent performance and longer serving-you time.

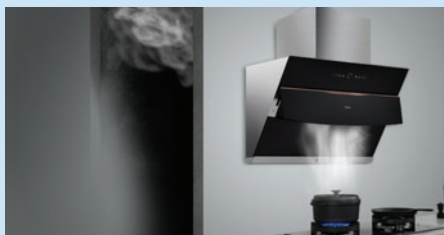

Hand Wave Control

A convenient alternative to suspend or stop your hood when inconvenient to touch the screen.

1800m³/h Strong Suction

Powerful airflow to efficiently remove the most unpleasant odors, steam and grease.

Complete Smoke Removal

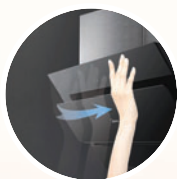

The duct out type exhausts cooking fumes outside the house thoroughly and keeps your kitchen air fresh indeed.

3-Minutes Super Extraction Power

Our turbo function can provide 3-minutes maximum suction (1800m³/h), perfectly suitable for stir frying.

BUILT-IN INDUCTION & CERAMIC HOB

MC-IHD361

- Built-in induction & ceramic hob
- Left zone: 1800W
- Right zone: 1800W
- Touch control
- 9-stages power setting
- Residual heat indicator
- Child lock

- Automatic safety switch off
- Product dimension (mm): 700(W) x 430(D) x 82(H)
- Built-in dimension (mm): 670(W) x 400(D)
- Installed electric power: 3200W
- Voltage: 220-240V

BUILT-IN GAS HOB

Burner
5.8kW

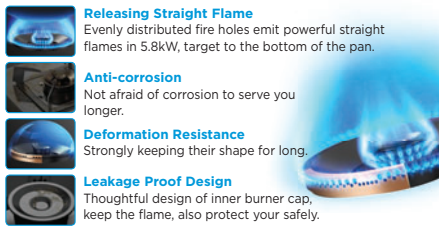

MGH-7230GL

NEW

- Preset gas type: LPG
- 1.5V battery ignition
- Tempered glass
- Flexible cut out size
- Product dimension (mm): 760(W) x 445(D)
- Cut out dimension (mm): 645-705(W) x 340-400(D)
- Burners: 2 x 5.8 kW
- 76cm gas hob
- Flame failure safety device

UNIQUE FEATURES

Premium Brass Burner Ignite Your Cooking Passion For Long

Fine burners with surprisingly durable quality, keeping company with you to always bring you food inspiration in your culinary journey.

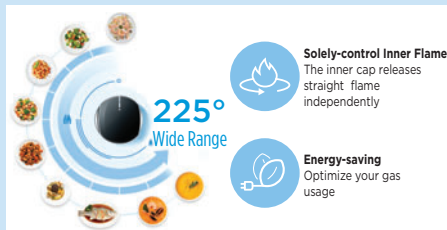

Fully Mix Gas & O₂, Burn To The Limit Of Energy Using

The Bi-Hybrid Combustion System activates the gas twice to fully mix with the O₂, releasing stronger fire with 65% energy efficiency, which makes your meal ready in lesser time and energy.

Even When Stir-frying, Still A Resist-Heatwave Place For You

The thoughtful 1/4 anti-scalding pot ring design allows you to feel comfortable even when the biggest fire is on. At the same time, the heavy material and scientific design also stable your wok, bringing you a friendly cooking experience.

Various Flame Settings To Customize Your Delicacies

Our hobs serve you for cooking, stir-frying, steaming, braising, and gradual simmering... Precise fire control satisfies your different heating needs and avoid unnecessary gas waste.

Flexible Installation, Harmoniously Fit In Your Kitchen

Built-in or Free-standing, decided by you.

Instantly Ignite The Hob Via Knob, As Well As Your Cooking Inspiration

Just push and turn the knobs, the flame can be triggered instantly, so as your culinary inspiration.

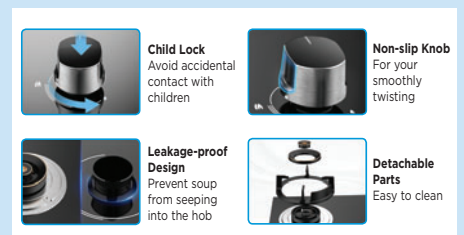

Temp-Sensing Flame Failure Protection, Guard Your Safety Consciously

The fire went out all of a sudden? A flame failure device will cut off the gas flow to guard your safety. Protection against flame failure.

4-Layers Premium Tempered Glass, Enhance Your Cooking Experience

Strong glass surface made of high quality 4-layers tempered glass, which is resist to HI-temperature and corrosion. Also, gently wipe the stains off, then you will regain a clean and glossy cooktop.

Humanized Design, Care For Every Detail In Cooking

From the moment you touch Midea hobs, our thoughtful innovative design has been perfecting your culinary journey.

BUILT-IN GAS HOB

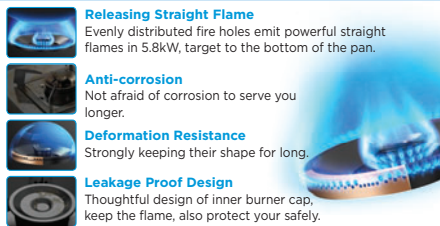

Burner
5.8kW

MGH-4360GL

- Preset gas type: LPG
- 1.5V battery ignition
- Tempered Glass
- Flame failure safety device
- Product dimension (mm): 760(W) x 445(D)
- Cut out dimension (mm): 645-705(W) x 340-400(D)
- Burners: 2 x 5.8kW
- 76cm gas hob
- Flexible cut out size

UNIQUE FEATURES

Releasing Straight Flame

Evenly distributed fire holes emit powerful straight flames in 5.8kW, target to the bottom of the pan.

Anti-corrosion

Not afraid of corrosion to serve you longer.

Deformation Resistance

Strongly keeping their shape for long.

Leakage Proof Design

Thoughtful design of inner burner cap, keep the flame, also protect your safety.

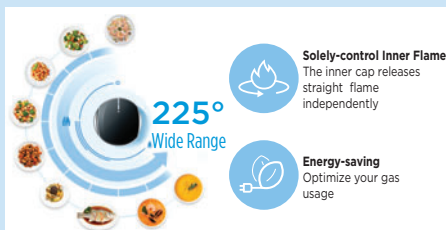

Fully Mix Gas & O₂, Burn To The Limit Of Energy Using

The Bi-Hybrid Combustion System activates the gas twice to fully mix with the O₂, releasing stronger fire with 65% energy efficiency, which makes your meal ready in lesser time and energy.

Steady Your Woks In X Pan Support, Promise Your Safe Cooking

X pan supports strongly hold any kind of pan, large or small, reducing risks of spilling and scalding. Let the woks always stay in their place!

225°

- 2 in 1 Built-in microwave with Grill
- Turnable diameter: 315mm
- 8 Auto cooking menus
- Multi defrost functions
- Heat-resisted glass window
- Stainless steel with black glass door
- Microwave Power: 900W
- Product Dimension (mm): 595(W) x 410(D) x 388(H)
- Build in dimension (mm): 560(W) x 500(D) x 380(H)
- Capacity: 25 litres
- Built in Microwave with grill
- Speedy defrost setting
- Express cooking
- Child safety lock
- Rotary knobs
- Grill power: 1000W

FREE STANDING DISHWASHER

WQP12-7635Q

- 14 Place settings
- Stainless steel
- 6 Washing programs
- 70°C high-temp intensive wash
- Half load function
- Child lock
- Product Dimension (mm): 598(W) x 600(D) x 845(H)
- Low noise level
- Flexible rack system
- Auto open drying system
- Extra drying function
- Self-cleaning filter system

UNIQUE FEATURES

Anti-bacterial* Filter Inhibits 99.99% of Bacteria

Our filter, employed anti-bacterial material, constantly inhibits micro-organism buildup inside the tub, ensuring a high level of health protection by inhibiting 99.99% of bacteria.

Flexible Rack System, Infinite Loading Flexibilities

Allow you stack more categories of tableware, glassware, utensils and even cookware, with superb 14 place setting capacity, making loading and unloading so smooth.

Half Load

A cost-effective solution for less tableware wash, especially for small families not using many dishes and bowls, with less water and energy consumption.

Extra Drying

Extra drying function can be added into certain wash cycles, and your dishware with extraordinary drying results.

Intensive Wash

Efficiently clean the heaviest soiled dishes and cooking utensils, guaranteeing your tableware fairly hygienic to use.

Delicate Glass Care

Wash glass meticulously and also with softened water by the build-in water softener, to deliver crystal-clear results.

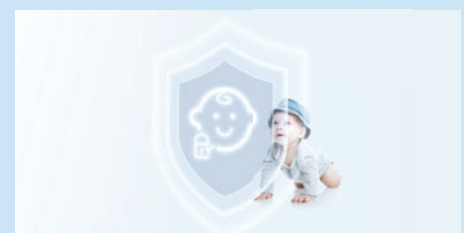

Effortless Eco-Dishwashing

Dishes are beautifully cleaned with less effort and water consumption.

Auto Open Drying

At the end of washing cycles, the door of dishwasher will open automatically and leave a gap for air exchange, promoting washed items, even plastic dishes to achieve the best drying performance.

Child Lock

Effectively protect your children from unexpected accidents, like being scalded by hot steam, and prevent dishwasher damages which is due to children's mistakenly operating.

FREE STANDING DISHWASHER

WQP12-5201F

- 12 Place settings
- Flexible rack system
- Self-cleaning program
- 70°C high-temp intensive wash
- Half load function
- Child lock
- Product Dimension (mm): 598(W) x 600(D) x 845(H)
- Low noise level
- 7 Washing programs
- Residual heat drying system
- Extra drying function
- Self-cleaning filter system

UNIQUE FEATURES

70°C Intensive Wash

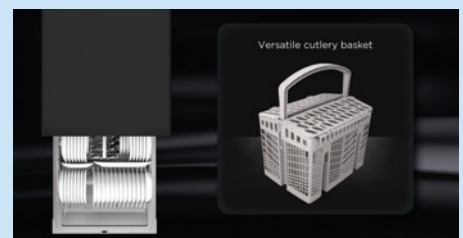

Highly effective for cleaning the heaviest soiled dishes and other utensils, and also quite efficient for eliminating 99.99%* bacteria with high temperature up to 70°C

* Bacteria elimination rate from Report No: WXW-16-30276 by CTIHEA

Self-regulated Water Leak Protection System

Our water leak protection system with overflow float switch, regulates itself to detect and cut off any categories of water leakage, not allowing your kitchen to get dirty.

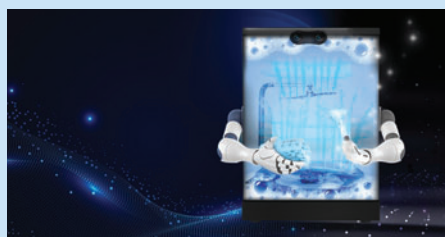

Flexible Rack System, Infinite Loading Flexibilities

Our flexible rack system, including versatile cutlery basket, foldable flip tines, foldable cup shelf and removable cutlery rack, allows you stack multiple categories of cooking utensils.

Power-Off Memory, A Perfect Solution For Voltage Instability

Power-off Memory function can remember the unfinished wash cycle when there is a sudden power outage and continue the washing process when power is back on, without need to operate it again.

Self-cleaning for Easy Maintenance

Self-cleaning, 50-min high temperature (70°C) wash cycle for dishwasher itself, can consistently keep your dishwasher fresh and hygienic.

Anti-bacterial* Filter Inhibits 99.99% of Bacteria

40Our filter, employed anti-bacterial material, constantly inhibits micro-organism buildup inside the tub, ensuring a high level of health protection by inhibiting 99.99% of bacteria.

Extra Drying Option

Extra drying can be added into certain wash cycles (Intensive, ECO, Glass and 90 min), and your dishware and even plastic dishes, with extra ordinary drying results.

Half Load Option

A convenient and cost-effective solution for less tableware wash, especially for small families not using many dishes and bowls, with less water and energy consumption.

Child Lock Protection

Hold the F and 1/2 buttons for 3 seconds to lock or unlock the control panel, to effectively protect your children from unexpected accidents, like scalding by hot steam, and prevent dishwasher damages due to child's mistakenly operating.
