### UNIQUE FEATURES

#### Perfect Slot-In

Industry-shortest fridge-to-cabinet distance, open doors at 90° freely, fits perfectly in the cabinet

#### Free Installation

Take out and slot in, making installation unnecessary

#### Soft Freeze

No need to thaw, and no bacteria or nutrients are lost

#### Plasma Sterilization

Remove odors in 9 minutes, see the purification and smell the cleanliness.

#### IPL Purify

Kill bacteria in 3 minutes, ideal for ready-to-eat items.

#### Colorful Control Panel

Intuitive and easy to operate.

#### LED Light Wall

Wider lighting illuminates the entire refrigerator, making it easier to find things.

#### SmartHome App

Connect and control your fridges from anywhere in anytime.

## UNIQUE FEATURES

### High Capacity Efficiency

With the same dimensions, this refrigerator offers a higher net capacity thanks to its advanced foaming technology and compact components.

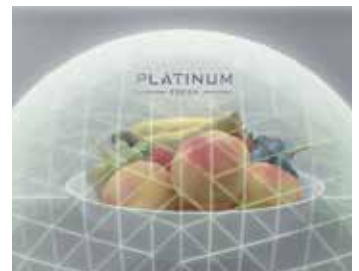

### SmartSense light

The door handle light automatically turns on when you are detected within 100cm, with a response time of 200ms.

### Scientific Storage

Multiple shelves, drawers, and door bins provide scientific storage solutions for users to organize items freely.

### Platinum Fresh

Platinum purification reduces fridge odor and bacteria. Antibacterial rate >99.99% and deodorization rate 99%.

### Vario Zone

This drawer has three temperature settings, allowing you to store various foods and drinks such as vegetables, beverages, and fish.

### Flash Cooling

This refrigerator uses R290 refrigerant for 30% faster cooling, ensuring the original taste of your food is preserved.

### SmartHome App

Control and monitor your fridge remotely, make life easier

### Inverter Quattro

Energy saving, low noise and fast cooling inverter technology for the compressor and fans.

Frost Free

**-30°C Deep Freeze**  
maintains food quality and keeps flavor intact. The low temperature of -30°C prevents the formation of large ice crystals and minimizes damage to the food cells, which helps to preserve the texture and flavor of the food.

**Total No Frost**  
Air is circulated evenly to prevent ice build-up, ensuring that the refrigerator will never need to be defrosted, and achieving the optimal cooling point more quickly.

**Breast Milk & Baby Food Drawer**  
The drawer is suitable for baby and maternity products featuring excellent purification effects.

## UNIQUE FEATURES

### Door Handle

Comfortable recessed handle design, makes consumers feel much easier when opening the fridge door

### Wire Basket

It is easy to clean and easy to take.

### Mechanical Temperature Control

Convenient for users to easily adjust the chest freezer temperature manually.

### Energy Saving

Engineered to significantly improve energy efficiency of the unit.

### Adjustable Thermostats

The adjustable thermostat allows you to control the temperature from -12°C to -24°C so you can always store your frozen foods at their optimum temperature. The chest freezer can operate at -15 degrees below the ambient temperature and it's suitable for use in a watertight garage or outbuilding

## UNIQUE FEATURES

### D+ QUICK-FREEZING SYSTEM

#### Fitted D-Shaped Tube Refrigeration

Traditional Freezers use O-type Refrigerating Tube

Line contact  
Small heat exchange area  
Low refrigeration efficiency

VS

Midea Freezers use D-type Refrigerating Tube

More surface contact  
Large heat exchange area  
High refrigeration efficiency

Inner Wall  
Evaporating pipe of D-shaped tube

Midea Freezer D+ Quick-Freezing System

#### Two-way Uniform Refrigeration Technology

Coil shaped cooling tubes with extra cooling at the top

Cool air spirals from bottom to top for constant cooling

## The Advantages of R290 Refrigerant-Latest Technology

#### Deep Freeze

The temperature reaches -36°C versus a previous -18°C.

#### Fast Freeze

Reduction of freezing time by 50%

#### Environmentally Friendly

Freon-free to protect the ozone layer and create an environmentally friendly home. C versus a previous -18°C.

#### Fresh Preservation

Lock-in Fresh
