midea.com

5.2KW FIERCE FIRE FOR POWERFUL HEATING

Fulfills your high flame cooking needs and it's perfect for stir-frying.

*Specifically refers to the liquefied petroleum gas hob.

FLAME FOCUSED, FLAVOR LOCKED IN

Heat Concentration Ring gathers the flame, providing focused fire and greater heating efficiency.

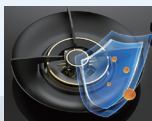

Windproof

Prevent
diffused heat

PREMIUM BRASS BURNER WITH SURPRISINGLY DURABLE QUALITY

Anti-corrosion

Not afraid of corrosion to serve you longer.

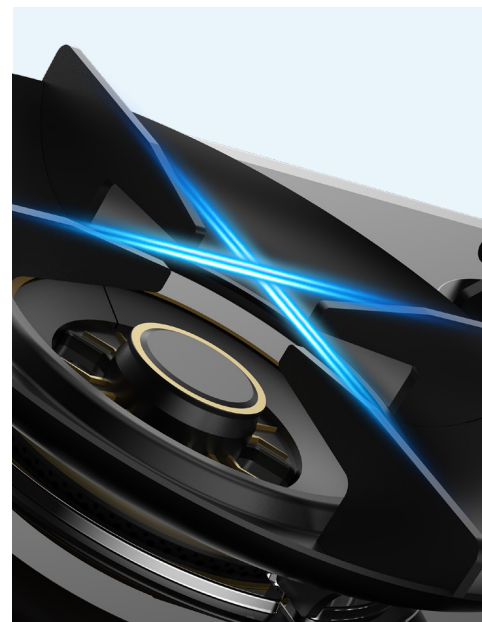

Deformation Resistance

Strongly keeping their shape for long.

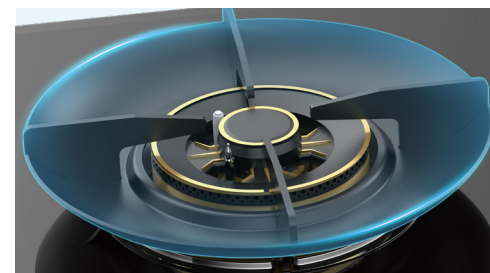

Detachable

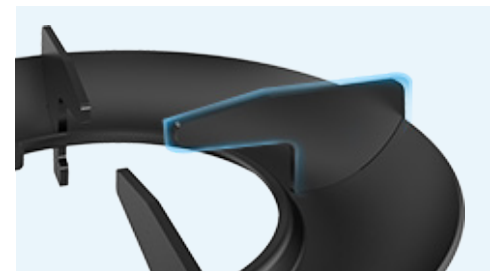

Easy to clean.

Steady your woks in X pan support.

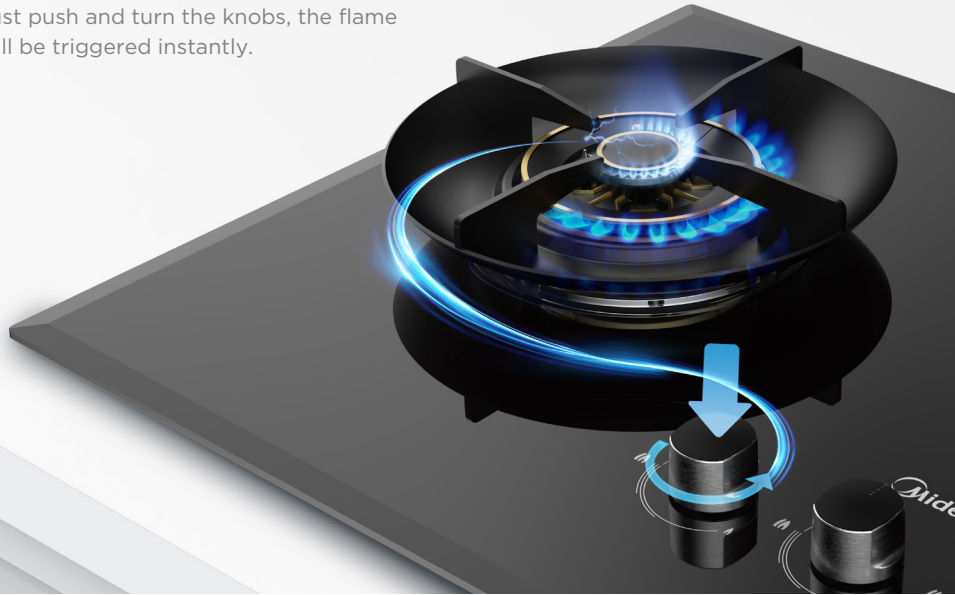

Made in premium MATT enamel.

Strongly hold your pans with R angle claw.

INSTANT IGNITION, FLAVOR COMES WITHOUT WAITING

Just push and turn the knobs, the flame will be triggered instantly.

VARIOUS FLAME SETTINGS TO CUSTOMIZE YOUR DELICACIES

Our hobs serve you for cooking, stir-frying, steaming, braising, and gradual simmering...

SOLELY-CONTROL INNER FLAME

The inner cap releases straight flame independently. The mild flame is great for you to heat a cup of milk.

NO WORRYING ABOUT ACCIDENTAL FLAMEOUT

When you bend down to open the cupboard to get bowls and seasonings, do you always worry about the simmer flame going out?

With Midea stable combustion system, the flame is always stable even if it is small.

HUMANIZED DESIGN

CONSIDERATE BUFFER DESIGN: SEALING RING

Keep steady even when wok tossing.

Shake-proof

Leakage-proof

LEAKPROOF STRUCTURE FOR YOUR SAFETY

No need to worry about spilled soup
seeping into the gas hob

Child Lock

Avoid accidental contact
with children.

Non-slip Knob

For your smoothly
twisting.

Energy Saving

One battery for long-term
use.

4-LAYER PREMIUM TEMPERED GLASS, SMOOTH AND STRONG

Strong glass surface made of high quality 4-layer tempered glass. Just gently wipe the stains off, then you will regain a clean and glossy cooktop.

Durable

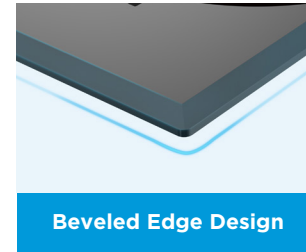

Anti-corrosion

Hi-Temp Resistant

Easy to Clean

Beveled Edge Design

01

Tempered Glass

SG Class

02

Glass Fiber Fabric

Extra reinforce protection

03

Aluminum Film

Thermal shield

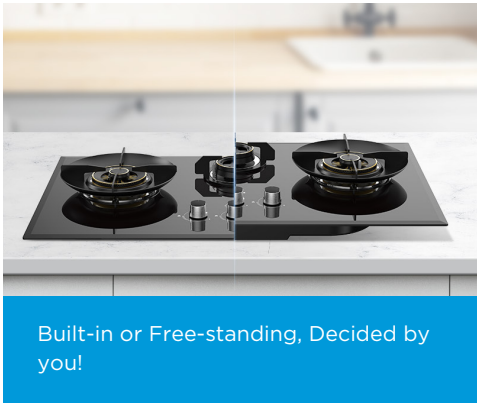

04

Sponge Strip

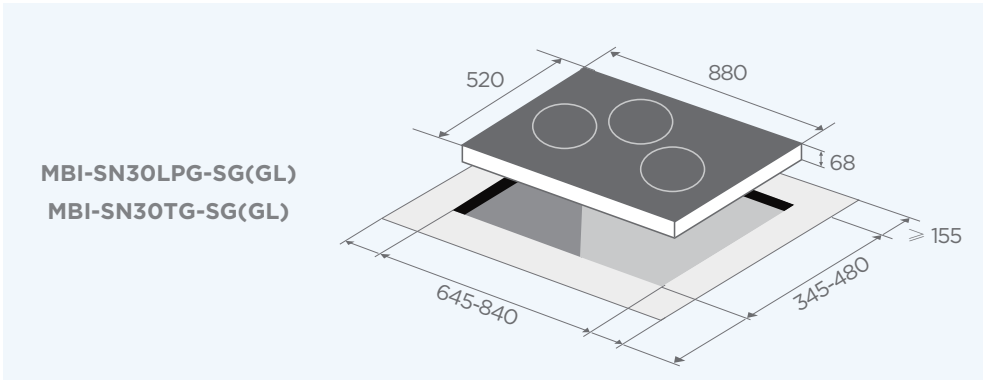

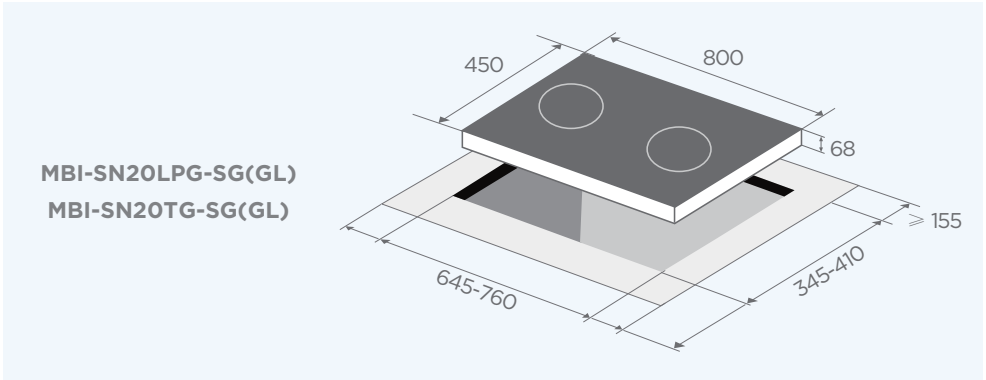

Damping & Waterproof

FLEX INSTALLATION, HARMONIOUSLY FIT IN YOUR KITCHEN
