

27 cu. ft. Counter-Depth French Door Refrigerator with AutoFill Water Pitcher

WOW Features

Extra-Large Capacity
Counter-Depth Design
AutoFill Water Pitcher

Midea's MRF2716BST is the largest counter-depth French Door refrigerator with AutoFill Water Pitcher and two types of ice. The slide-in shelf, full-width deli drawer, and gallon-sized door bins keep food organized and easy to access, while bright LED frame lighting ensures you can quickly see what's inside. Instantly enjoy cold, filtered water from the AutoFill Water Pitcher and built-in dispenser, and choose between small or large ice cubes from the dual icemakers to keep every drink perfectly chilled. The MRF2716BST makes it easy to keep food stocked and your family refreshed, and its counter-depth design ensures a seamless, built-in look.

Certifications & Warranty

Extra-Large Capacity

Offers 27 cubic feet of capacity, the maximum available in a counter-depth design

Counter-Depth Design

Provides a seamless, built-in look for your kitchen.

AutoFill Water Pitcher

Built-in 54 oz. pitcher automatically fills with cold, filtered water.

Internal Water Dispenser

Manually fill cups and bottles when the pitcher is removed.

Dual Icemakers with Two Ice Sizes

Dual freezer icemakers make up to 5 lbs. of ice per day, offering small and large cubes

Gallon-Sized Door Bins

Store large containers in the door instead of using shelf space.
